,	al goal. What other qual	_	<u>-</u>	, <u> </u>
	ot be concerned with effi		_	
B) They serve th	e public good			
C) They make a	great deal of money.			
D) They are not	concerned with quality a	as a rule.		

81) An example of a private organization that	t does not seek profit is:	81)
A) the Toronto Blue Jays.	B) FedEx.	
c) Industry Canada.	D) the Montreal Museum for Fine Arts.	
82) All organizational strategies are influence	ed by each of the following EXCEPT:	82)
A) profit	B) organizational direction.	
C) offering.	D) organizational foundation.	
83) Apple Inc. has a number of patents around	d their operating system iOS technology.	83)
These patents are an example of their	·	
A) capacities	B) accomplishments	
C) acquisitions	D) competencies	
84) Rhone-Poulenc is an international French	company that produces and markets a variety	84)
of chemicals and pharmaceuticals. Due to	the resources it makes available to its	-
scientists and researchers, the company h	as a number of Nobel Prize winners working	
in its laboratories. This ability to attract s	ome of the finest minds in the world to its	
workforce is an example of a(n):		
A) synergistic capacity.	B) competency.	
C) market accomplishment.	D) unsought benefit.	
85) Nokia has an exclusive relationship with	Microsoft for their Windows operating	85)
system for their mobile phones, where no	other mobile phone companies can use the	
Windows OS. This is an example of:		
A) Business divergence	B) Competitive advantage	
C) Product differentiation	D) Market penetration	
86) 92 percent of the Canadian population liv	res with 15 minutes of a Canadian Tire Store;	86)
this ability to stay close to the customer is	s an example of Canadian Tire's:	
A) mission statement.	B) customer management.	
C) competitive advantage.	D) benchmarking.	
87) Subway restaurants have the most locatio	ns globally to serve their customers; this	87)
ability to stay close to the customer is an	example of Subway's	
A) customer management	B) competitive advantage	
C) mission statement	D) benchmarking	
	d characteristics that satisfy stated or implied	88)
needs. This is an example of a(n):		
A) Prototype	B) Core benefit proposition	
c) Product concept	D) Quality product or service	

89) Which of the following statements about of		89)
A) A company must ignore costs when e	2 2	
B) An innovation can be a source of a co	_	
c) The only way to create a competitive		
D) To be successful, a competitive advan	ntage does not have to be unique.	
90) Designing a car is expensive and time-con	suming even with the use of computers	90)
	or all the varied departments that are involved	
in new car development to work together.	-	
Web-based system that cuts the design and	•	
This is an example of a(n):		
A) operational goal implementation.	B) competency.	
C) innovation-oriented mission.	D) benchmarking project.	
91) Evergreen Air Center is the world's bigges	st parking lot for unwanted aircraft. Airlines	91)
pay a monthly fee from \$750 to \$5,000 to	mothball airplanes at this site. Its location is	
on 1,600 acres of Arizona desert. The Sou	thwest climate serves as a cheap and	
effective airplane preservative. Its location	is its:	
A) benchmarked differentiator.	B) tactical mission.	
C) operational goal.	D) competency.	
92) Netflix uses the internet to allow its custon	mers to view movies and exclusive television	92)
shows. It jumped into an industry where the	nere were no firm leaders but lots of	
competitors and established a loyal cliente	ele by seizing the opportunity to provide a	
service that was simple to use and effective	e at delivering high-quality products to	
customers. The internet-delivery mechanis	sm is an example of a(n) for	
Netflix:		
A) benchmarking-focus.	B) competitive advantage.	
c) tactical innovation.	D) viable mission.	
93) Toyota aggressively pushes their suppliers	• •	93)
•	unufacturing principles, allowing Toyota to	
have an efficient production line and offer	nign-value automobiles at cost-effective	
prices. This competence can give Toyota:		
A) a competitive advantage.	B) benchmarking expertise.	
C) leapfrogging capabilities.	D) a tactical innovation.	
94) After Zierer GMBH, a German manufactu	•	94)
gravity ride, they studied the "Ride Satisfa	_	
various competitors and worked to include	e this information in future designs. They	
were engaging in:		
A) benchmarking.	B) swotting.	
C) resourcing.	D) demarketing.	

95) Numerous consultancies provide 'Customer Satisfaction' scores for various Canadian		95)
and International airlines. When Air Can	ada reviews their score, in comparison to	
WestJet, they are engaging in.		
A) Benchmarking	B) Product emulation	
C) Research straddling	D) Reverse engineering	
96) When General Mills introduced Frosted	Cheerios, it wanted to launch the product in	96)
half the time taken by any cereal manufa	cturer to launch a new cereal. General Mills	
created a team that studied the successful	l product launch of other companies' cereals to	
determine what went well and what did r	not. To learn these lessons from other cereal	
launches, General Mills used:		
A) reverse engineering.	B) benchmarking.	
C) product emulation.	D) research mimicry.	
97) Siemens manufacturing wanted to increa	se the efficiency of their turbine	97)
manufacturing process by implementing	a lean-based methodology. In order to	
understand how best to do this, Siemens	entered a 'learning partnership' with Toyota,	
where managers from Siemens would ac	t as 'managers-for-a-week' at Toyota to learn	
about their lean manufacturing processes	s. This is an example of:	
A) benchmarking.	B) resourcing.	
C) racing.	D) spying.	
98) Which one of the following is NOT an e	xample of the different goals that non-profit	98)
firms can pursue?		
A) profit.	B) employee welfare.	
C) market share.	D) social responsibility.	
99) 3M has developed a quality program call	led:	99)
A) Six Sigma	B) Profit Profit (3P)	
C) Pollution Prevention Pays (3P)	D) Play Profit Prevent (3P)	
100) 3M uses a holistic approach to new and 6	existing products that encompasses the whole	100)
product supply chain from raw materials	to disposal. This approach is known as:	
A) Life Cycle Management	B) Sustainable Product Development	
C) End-to-End Management	D) Cradle-to-Grave Management	
101) As a new employee with medium-sized b	ousiness in Toronto focusing on home	101)
outfitting, you analyze each of the difference		
- · ·	ofit margins in each area. Which tool did you	
likely use?		
A) target marketing	B) market segmentation	
C) marketing strategic planning	D) business portfolio analysis	

102) which measure below is used to	when conducting a business portfolio analysis?	102)
A) market growth rate.	B) return on investment desired.	
C) relative market growth.	D) market segment size.	
103) In the Boston Consulting Group	p (BCG) model for analysis of a firm's strategic	103)
business units, or SBUs, the ho	orizontal axis reflects the:	
A) national forecast.	B) market segment size.	
C) relative market share.	D) business portfolio in dollars.	
104) All of the following are strateg	ies to pursue after an SBU has been identified, except:	104)
A) expand. B) has	rvest. C) build. D) divest.	
105) Gillette continues to manufactu	are Liquid Paper correction fluid for use with	105)
typewriters even though most of	of the world uses word processors. It is a small market	
that has little growth, but Liqui	d Paper has the largest market share, and Gillette

Testname: UNTITLED2

199) Answers will vary

Feedback: (1) internal strengths, such as the quality, brand name prominence, and technical leadership of its products

- (2) internal weaknesses, such as unfocused mission, poor responsiveness to customer needs, and revenues c from slow-growth businesses
- (3) external opportunities, such as growing international markets, and cooperative joint ventures
- (4) external threats, such as increasing local or foreign competition resulting in declining market share, low production costs from foreign manufacturers, and adverse governmental regulations

200) Answers will vary

Feedback: Figure 2-7 illustrates the principal components under each of the four Ps. Product features, branc packaging, service, warranty. Price list price, discounts, allowances, credit terms, payment period. Promotic advertising, personal selling, sales promotion, publicity. Place outlets, channels, coverage, transportation, a stock level. The instructor should probably not expect students to recall every item, but can set a reasonable number of items correctly identified, according to his or her expectations.

201) Answers will vary

Feedback: A marketing program should include product, price, promotion, and place strategies. Students' en will vary. The product strategy would include packaging and design of shirts. Promotion strategy would end how the group plans to communicate information about the sale to other students. Price strategy would include price and any quantity discounts. Place strategy would include how the shirts will arrive at the point of sale and selection of the point of sale.

202) Answers will vary

Feedback:

- (1) obtaining resources
- (2) designing the marketing organization
- (3) developing schedules
- (4) actually executing the marketing program designed in the planning phase

203) Answers will vary

Feedback: A marketing strategy is the means by which a marketing goal is to be achieved, usually character (1) a specified target market

(2) a marketing program to reach it; it implies both the end sought (target market) and the means to achieve (marketing program).

Marketing tactics, on the other hand, are detailed day-to-day operational decisions essential to the overall success of marketing strategies, such as writing advertising copy or selecting the amount for temporary price reductions. Compared with marketing strategies, marketing tactics generally involve actions that must be taken right away.

Testname: UNTITLED2

204) Answers will vary

Feedback: The control phase of the strategic marketing process seeks to keep the marketing program movin direction it is set for. Accomplishing this requires the marketing manager to compare the results of the marl program with goals in the written plans to identify deviations and to act on these deviations - correcting neg deviations and exploiting positive ones.

205) Answers will vary

Feedback: See Figure 2-6. Student answers will likely vary.

206) Answers will vary

Feedback: See Figure 2-4. Student answers will likely vary.

207) Answers will vary

Feedback: Two major reasons: (1) spot deviations from plans and (2) take corrective actions
